Overview

Portable Power Solution

This portable power bank offers a reliable and intelligent charging solution for a wide range of digital devices, including smartphones, tablets, and GPS units. Designed with advanced microcomputer monitoring and a sleek metal finish, it ensures efficient power delivery with a conversion rate of 80-85%. With multiple built-in safety protections and a durable polymer lithium-ion battery, it provides a secure and convenient way to stay powered while on the go.

Technical Specifications

Battery Capacity	11200 mAh
Output Voltage	5 V
Output Current	1000 mA
Conversion Efficiency	80 %
Charge/Discharge Cycles	300-500 times

Features

Key Features

- LED power indicator display
- Built-in LED flashlight
- One-touch shuttle operation
- Metal wire-drawing appearance
- Zero-loss standby mode

Safety Protections

Overcharge Protection, Discharge Protection, Overload Protection, Short Circuit Protection, Leakage Protection

Performance

Charging Performance

90 min

Phone Charge Time

2 hours

Power Bank Recharge Time

72 hours
