Overview

Portable Power Solution

This portable power bank is designed for high-efficiency mobile charging, featuring dual USB ports for versatile device compatibility. Built with advanced intelligent protection chips, it ensures safety against overcharging, short circuits, and leakage. Its sleek, metallic wire-drawing finish offers both durability and a professional aesthetic, making it an ideal companion for smartphones, tablets, and other digital equipment.

Performance Metrics

Battery Capacity	4200 MA
Conversion Efficiency	80 %
Output Voltage	5 V
Output Current	1000 mA

Technical Specifications

Battery Technology	Polymer lithium-ion
Cycle Life	300-500 times
Charging Time	Approx. 2 hours

Safety & Features

Interface & Utility

- Dual USB Ports
- LED Power Indicator
- One-touch Shuttle Control
- Built-in LED Flashlight

Protection Features

Overcharge Protection, Discharge Protection, Overload Protection, Short Circuit Protection, Leakage Protection

Compatibility

Supported Devices

Mobile Phones • PSP • MP3/MP4 Players • GPS • Bluetooth Devices • Digital Cameras • iPod/iPad
