

Portable Power Bank with Integrated Worklight

This portable power bank features an integrated worklight. It is designed with a built-in USB cable for charging and discharging and includes LED indicators to display the battery level.

Product Overview

Versatile Portable Power and Lighting Solution

This portable power bank features an integrated high-performance worklight, making it an essential tool for professional environments and field operations. With a robust 2600mAh capacity and stepless dimming capabilities, it provides both reliable emergency charging and adjustable illumination. Its compact, lightweight design ensures it fits easily into toolkits while providing extended runtime for demanding tasks.

Technical Specifications

Power Rating

5 V Input Voltage	1 A Input Current	5 V Output Voltage	1 A Output Current
-----------------------------	-----------------------------	------------------------------	------------------------------

Battery Capacity	2600 mAh
Light Source	12pcs SMD LED
Typical Charge Time	6 Hrs
Weight	174 g

Lighting Performance

Brightness Levels

Intensity	Lumen Output	Runtime
100% Brightness	150	4 Hours
50% Brightness	70	8 Hours
Low Mode	8	48 Hours

Features

Key Features	Stepless Dimming, Integrated Worklight, Battery Level Indicator, Portable Design
