

Portable PTC Fan Heater with Digital Display

This is a portable PTC fan heater ideal for space heating. It features a digital display and multiple control buttons.

Product Overview

Versatile PTC Space Heating

This portable PTC fan heater provides efficient, self-regulating heating through advanced ceramic technology. Designed for flexibility, it features adjustable modes, oscillation, and a digital display for precise temperature control. Built with safety in mind, the unit includes an integrated tip-over switch, overheat protection, and flame-retardant housing suitable for home or office environments.

Technical Specifications

Heating Power

750 W

Low Heat

1500 W

High Heat

Timer Duration

8 hours

Power Cord Length

1.5 m

Features & Control
