

Portable Trolley Speaker with Bluetooth and USB

This portable trolley speaker provides versatile audio playback with Bluetooth, USB, TF card, FM radio, and aux input options. It is compatible with both wired and wireless microphones and features a long-life rechargeable battery.

Overview

Versatile Portable Audio Solution

This portable trolley speaker is designed for professionals needing reliable audio in mobile settings. Equipped with Bluetooth, USB, and auxiliary inputs, it offers flexible playback options suitable for presentations and events. Its robust design features a retractable handle and wheels for easy transport, while the integrated battery ensures performance without constant power access.
