

Portable Trolley Speaker with Bluetooth and USB

This portable trolley speaker delivers clear and powerful sound with its built-in amplifier. It features Bluetooth, USB/SD, FM radio, and AUX inputs, as well as microphone and guitar inputs.

Product Overview

Versatile Portable Audio Solution

This portable trolley speaker is designed for maximum convenience and professional audio performance in any setting. Featuring a built-in amplifier, it delivers powerful sound suitable for both indoor and outdoor events. With integrated wheels and a retractable handle, the system is highly mobile, while the wide range of connectivity options—including Bluetooth, USB, SD, and instrument inputs—ensures full compatibility with modern playback devices.
