

Portable Trolley Speaker with Bluetooth and USB

This portable trolley speaker system offers versatile audio playback via Bluetooth, USB, TF card, FM radio, and AUX inputs. It also allows recharging mobile devices through built-in wireless charging and a USB cable.

Overview

Professional Portable Audio Solution

This portable trolley speaker system provides high-performance audio for professional indoor and outdoor applications. Featuring integrated Bluetooth, USB, and multiple instrument inputs, it offers versatile connectivity for performers and presenters alike. With its ruggedized trolley design, retractable handle, and wheels, it is engineered for easy transportation while delivering clear, powerful sound via its 10-inch driver.
