

Portable Trolley Speaker with Disco Lights

This portable trolley speaker system provides versatile audio playback options. It has Bluetooth, USB/TF, FM radio, and microphone/guitar inputs, along with color-changing LED lights and a disco ball for visual effects.

Overview

Versatile Portable Trolley Speaker

This high-output trolley speaker is designed for professional portable audio applications, featuring dual 12-inch drivers and a 1-inch tweeter. With 160W of power and built-in LED disco lighting, it is ideal for public address, events, and karaoke. The system includes extensive connectivity options and a long-life rechargeable battery, making it easy to transport and deploy in various environments.
