

Portable Trolley Speaker with LED Lighting

This portable trolley speaker is designed for versatile audio playback with multiple input options. It features integrated LED lighting and a rechargeable battery for convenient use.

Product Overview

High-Performance Portable Audio Solution

This portable trolley speaker is engineered for versatility and high-impact sound, making it an ideal choice for professional events, presentations, or outdoor gatherings. Featuring a robust 80W power output, it delivers clear, dynamic audio across a wide frequency range. The integrated LED lighting system provides engaging visual effects that react to the sound, while the trolley design with a retractable handle ensures effortless mobility for on-the-go users.
