

Portable Trolley Speaker with LED Lighting

This portable speaker system features Bluetooth, USB, TF card, FM radio, and aux input options. It has LED color-changing circle lights and a disco ball light for visual enhancement.

Product Overview

Professional Portable Audio Solution

This high-performance trolley speaker is designed for mobile versatility, featuring a robust handle and wheel system for easy transport. The unit delivers powerful sound output combined with dynamic LED lighting effects, including a disco ball and circular color-change lights. With extensive connectivity options like Bluetooth, guitar input, and dual microphone compatibility, it is an ideal choice for events, presentations, and live performances.
