

Portable Trolley Speaker with LED Lighting

This portable trolley speaker features Bluetooth, USB/TF, FM radio, and aux inputs, as well as mic and guitar inputs. It has LED color-change circle lights and an LED disco ball light, and it's compatible with both wired and wireless microphones.

Product Overview

Versatile Audio Performance

This portable trolley speaker is designed for professionals needing reliable sound on the move, featuring a powerful 120W output. It offers versatile connectivity options including Bluetooth, USB, TF card, and auxiliary inputs, alongside dedicated ports for microphones and guitars. With integrated LED light effects and a durable trolley design, it is an ideal solution for events, public speaking, and outdoor performances.
