

Portable Trolley Speaker with LED Lighting

This portable trolley speaker delivers versatile audio playback. It features Bluetooth, USB/TF, FM radio, and AUX inputs, along with LED color-change circle lights and compatibility with wired and wireless microphones.

Overview

Professional Portable Audio Solution

This high-performance trolley speaker is designed for versatile mobile audio applications, featuring a robust 120W output and a professional-grade 10-inch driver. Engineered for ease of transport with a retractable handle and wheels, it offers extensive connectivity including Bluetooth, USB, and auxiliary inputs. The integrated LED ring provides dynamic visual engagement, making it an ideal choice for events, presentations, and professional settings.
