Product Overview

Compact UVC Sterilization Solution

This portable UVC sterilizer wand is designed for efficient surface disinfection on the go. Equipped with high-quality UVC LEDs at a 275nm wavelength, it effectively targets bacteria and viruses with a simple sweep technique. Its lightweight, durable ABS and PC construction, combined with a long-lasting rechargeable battery, makes it an ideal tool for professional and personal sanitization requirements.

Technical Specifications

Battery Capacity	1500 mAh
Voltage	3.7 V
UVC Wavelength	275 nm
White Light Color Temperature	6000 K
Estimated Working Time	7-8 hours
Charging Time	3 hours
Construction Material	ABS, PC

Logistics

Packaging Details

Metric	Value
Carton Dimensions	530*430*170mm
Quantity per Carton	80 pcs
Gross Weight	15.5 Kg/ctn
