

Power Miter Saw for Woodworking

This power miter saw is designed for making accurate crosscuts and miter cuts in wood and other materials. It features a rotating base for angle adjustments, a pivoting saw head for bevel cuts, a high-speed motor for efficient cutting, and a dust collection system.

Overview

Professional Power Miter Saw

This high-performance power miter saw is engineered for precision woodworking, offering reliable crosscuts and miter cuts. Featuring a robust aluminium base and a high-speed motor, it delivers consistent results for demanding tasks. With versatile mitre and bevel angle adjustments, this tool provides the flexibility required for complex carpentry projects.

Technical Specifications

Voltage & Frequency	220-240V~50/60Hz
No-load Speed	5000 rpm
Blade Size	210mm (8-1/4") x 25.4mm

Performance & Capacity

Max Cutting Capacity	55x120mm
Mitre Cuts	0-45° left and right
Bevel Cuts	Up to 45° to the left

Construction

Base Material
Aluminium
