

# Precision Calipers

These precision measuring instruments include dial calipers and vernier calipers. They offer measurement ranges from 0-150mm to 0-1000mm with resolutions of 0.01mm or 0.02mm.

## Product Overview

### Professional Precision Measuring Instruments

These high-precision measuring instruments offer reliable accuracy for industrial and engineering applications. Available in both dial and vernier formats, they cater to a wide range of measurement requirements. With options spanning from 150mm to 1000mm, these calipers ensure consistent results for demanding quality control and manufacturing tasks.
