Item No.	Specifications 規格	Parameters & Descriptions
1	Input voltage 輸入電壓	DC24V, DC24V
2	LED quantity LED數量	180pcs/ft, 100.0 each 36pcs, 108顆/呎, 111(11.8)一呎, 36燈
3	Power consumption 功率	5W 5瓦
4	Lumens 流明	240 lm
5	Foot-candle 足燭	180cm 18流燭
6	Life span 壽命	50,000h 50,000小時
7	Waterproof grade 防水等級	IP65 waterproof IP65防水
8	Working material 材料	PC 亞加力
9	Shade/cover 外罩	Clear, semi-transparent 透明, 半透明, 乳白
10	Body size 產品尺寸	750mm Base width 50mm, Length 500mm/呎
11	Application 應用場合	Shopping mall, Stage Hotel, Bridge decoration 商場, 舞台, 橋架, 景觀亮化

Overview

Precision Metal Lathe

This precision metal lathe is designed for high-accuracy machining across a variety of materials. Featuring a robust construction with a dedicated bed, headstock, tailstock, and carriage, it provides the stability required for demanding turning, facing, threading, and drilling operations. Equipped with integrated work lighting and precise control mechanisms, this machine is an essential tool for professional workshops requiring reliable performance and versatility.

Technical Specifications

Key Components

- Robust Bed
- Headstock
- Tailstock
- Carriage
- Workpiece Chuck
- Integrated Work Light

Model Number	CS232A
Machining Operations	Turning, Facing, Threading, Drilling
