

Precision Tube Cutter

This precision tube cutter is designed for clean and efficient cutting of various tubing materials. It features a durable construction with a sharp cutting wheel and smooth adjustment mechanism for optimal performance.

Overview

Precision Tube Cutter

The Precision Tube Cutter is a professional-grade tool engineered for clean and efficient cutting across a variety of tubing materials. Featuring a durable construction, it incorporates a sharp cutting wheel and a smooth adjustment mechanism to ensure optimal performance. This tool is an essential solution for plumbing, HVAC, and industrial applications that demand high levels of precision and reliability.

Technical Specifications

Available Models

- PC-220A
- PC-220B
- PC-220C

Key Features

Durable Construction • Precision Cutting Wheel • Smooth Adjustment Mechanism

Primary Applications

Plumbing, HVAC, Industrial Maintenance
