Product Overview

Professional Surface Disinfection

This pressurized steam cleaner provides an effective, chemical-free solution for professional surface disinfection and deep cleaning. Engineered with a robust boiler system, the unit delivers consistent steam pressure to eliminate dirt and bacteria from various hard surfaces. Its compact, ergonomic design ensures ease of maneuverability, making it an ideal tool for maintaining high standards of cleanliness in diverse environments.

Technical Specifications

Power Performance

1250 W

Power Consumption

3 bar

Steam Pressure

Electrical Requirements

230V / 50Hz

Capacity and Dimensions

Boiler Capacity

1.2 L

Unit Size (LxWxH)

34.8 x 19.8 x 23.5 cm

Logistics

Loading Capacity

Container Type	Quantity
1x20' GP	576
1x40' GP	1216
1x40' HQ	1348

Compliance and Quality

Certifications	CE, GS
Payment Terms	30% deposit, balance after inspection and before container loading
