

Professional Angle Grinder

This professional angle grinder is designed for cutting, grinding, and polishing various materials. Its powerful motor ensures efficient operation, while its durable construction ensures long-lasting performance.

Product Overview

Professional Performance

This professional-grade angle grinder is engineered for demanding tasks including cutting, grinding, and polishing across a variety of materials. Built with a powerful motor and durable construction, it ensures consistent, long-lasting performance in metalworking and construction environments. The tool features an ergonomic design to minimize user fatigue during extended operation, while integrated safety mechanisms like a spindle lock and debris guard provide reliable protection.

Model Identifier	XT-AC
------------------	-------

Key Features

Safety Features

- Spindle lock for secure disc changes
- Protective debris guard

Primary Applications	Metalworking, Construction, DIY Projects, Cutting, Grinding, Polishing
----------------------	--

Ergonomic Design	Yes
