

# Professional Garment Steamer with Adjustable Settings

This garment steamer features a 2.5L water capacity and provides 25 minutes of continuous steam. It has adjustable steam settings, a foot switch, and a stainless steel steam brush.

## Product Overview

### Professional Performance

This professional-grade garment steamer is designed for efficient and effective wrinkle removal across various fabric types. With a high-capacity 2.5L water tank and 1600W of power, it ensures extended steaming sessions without frequent refills. The unit features a dual-line telescopic design and an intuitive LCD display for precise control, making it an ideal solution for high-volume garment care.
