

Professional Hair Dryer with Concentrator Nozzle

This professional hair dryer delivers 1800W-2200W of power for quick and efficient hair drying. It includes multiple speed and heat settings, a cool shot button, a concentrator nozzle, and double overheat protection.

Overview

Professional Performance

This high-performance hair dryer is engineered for both professional salon environments and high-quality home use. It features a powerful motor designed to reduce drying time significantly while offering precise styling control through multiple heat and speed settings. The ergonomic design ensures comfort during extended use, and the included concentrator nozzle allows for targeted airflow to achieve professional results.
