

PVC Car Floor Mat Set

This set of car mats is made from durable PVC material and designed to protect your vehicle's flooring. The set includes four pieces, suitable for both front and rear placement.

Product Overview

Premium PVC Protection for Vehicle Interiors

This durable 4-piece car floor mat set is engineered to provide superior protection for your vehicle's flooring against moisture, dirt, and daily wear. Crafted from high-quality PVC material, these mats feature a diamond-patterned texture that enhances grip and offers a sophisticated aesthetic. With front and rear specific dimensions, this set ensures a tailored fit for most standard car layouts, combining functionality with long-lasting durability.
