

PVC Construction Machinery Part

This is a PVC construction machinery part. It has dimensions of W52xH430xT15mm.

Product Overview

High-Performance PVC Component

This PVC construction machinery part, model HJ-10, is engineered for durability and precise fitment in heavy-duty applications. Designed with specific dimensional accuracy, it ensures seamless integration within your machinery assembly. Each package contains 30 units, optimized for efficient logistics and inventory management.

Technical Specifications

Material	PVC
Model Number	HJ-10

Dimensions & Weight

Part Dimensions (W x H x T)	52 x 430 x 15 mm
Net Weight	13 kg
Gross Weight	14 kg

Logistics

Quantity per Package	30
Packaging Dimensions	535 x 260 x 360 mm
