Product Overview

Professional PVC Decorative Seal Strip

This high-quality PVC decorative seal strip is engineered for versatile applications across the automotive, construction, and furniture industries. It provides a durable, flexible solution for edge protection and sealing, offering excellent resistance to weather, UV exposure, and daily abrasion. Designed for easy installation, it ensures a clean, professional finish while effectively protecting components against dust, water, and noise.

Technical Specifications

Material	PVC
Available Colors	Blue, Pink, Beige, White

Key Features

Performance Benefits

- Excellent weather resistance
- UV radiation protection
- High abrasion resistance
- Flexible for easy installation
- Dust and water sealing

Application Suitability

Industry Applications

Automotive • Construction • Furniture • DIY Projects
