

Quad Monitor Desk Mount

This quad monitor desk mount is made from high gauge cold rolled steel. It allows tilt adjustments without tools and includes a universal hardware pack.

Product Overview

Professional Quad Monitor Solution

This quad monitor desk mount is engineered from high-gauge cold-rolled steel, offering a robust and stable solution for multi-display setups. Designed for 13-inch to 27-inch screens, it features a 2x2 configuration with 360-degree rotation and tool-free tilt adjustments for optimal ergonomic positioning. The mount includes a universal hardware pack and is available in powder-coated silver or black finishes, making it an ideal choice for trading floors, control rooms, and high-productivity workspaces.
