Product Overview

High-Performance Tube Cutting

This quick-release tube cutter is engineered for precision and efficiency in plumbing and HVAC applications. It features a durable zinc alloy body and a high-performance 9SiCr cutting wheel, allowing for clean cuts on copper, aluminum, and thin-walled steel tubing. The integrated quick-adjust button and fold-away reamer make it an essential tool for professionals working in tight spaces.

Technical Specifications

Tube Capacity Range

3.18 mm

Minimum Capacity

28.58 mm

Maximum Capacity

Material Composition

Component	Material
Body	Zinc Alloy
Adjustment Knob	Aluminum Alloy
Cutting Wheel	9SiCr Steel
Reamer Blade	Carbon Steel

Key Features

Tool Highlights

Quick Adjust Button, Integrated Reamer, In-handle Storage, Spare Cutter Wheel Included
