

QWERTY Feature Phone with Color Display

This compact mobile phone features a QWERTY keyboard and color display. Designed for straightforward communication, it includes dedicated function keys and a central navigation button.

Overview

Compact QWERTY Communication Solution

This feature phone combines a classic, tactile QWERTY keyboard with a compact, durable design, making it an ideal choice for efficient messaging and basic communication. Equipped with essential multimedia features like FM radio, MP3/MP4 playback, and a built-in LED torch, it serves as a reliable tool for professional or personal use. Its dual SIM capability and long-lasting battery ensure connectivity in demanding environments.
