

# R134a Hermetic Refrigeration Compressor

Hermetically sealed compressor designed for refrigeration applications using R134a refrigerant. It features robust construction for efficient and reliable cooling performance.

## Overview

### High-Efficiency Hermetic Compressor

This hermetically sealed compressor is engineered specifically for refrigeration applications utilizing R134a refrigerant. It features a robust construction designed to deliver consistent, reliable cooling performance in demanding environments. Ideal for commercial and residential refrigeration equipment, it ensures stable temperature control and long-term durability.

## Technical Specifications

Refrigerant Type	R134a
Model Number	AJ176AD
Power Rating	0.166 HP
Voltage/Frequency	115V-60Hz

## Key Features

### Design

Hermetically Sealed • Robust Construction

### Application Suitability

Refrigerators, Refrigeration Equipment
