

R410A Refrigerant Manifold Gauge

This manifold gauge is designed for use with R410A refrigerant. It features a high precision pressure gauge with class 1.6 accuracy and a metal-embedded valve for increased strength.

Product Overview

Professional Refrigerant Manifold Gauge

This R410A refrigerant manifold gauge is engineered for high-precision HVAC diagnostics and servicing. It features a robust design with a specialized anti-collision sheath and metal-embedded valves for increased durability in demanding field environments. With class 1.6 accuracy and high-strength rubber tubing, this tool ensures reliable performance for professional technicians.

Technical Specifications

Accuracy Class	Class 1.6
Tube Diameter	12 mm
