

R410A Split Air Conditioner (220-240V, 50Hz, 9K/12K BTU)

This split air conditioner uses R410A refrigerant and operates at 220-240V with a frequency of 50Hz. It is available in 9K and 12K BTU capacities for efficient cooling.

Product Overview

Professional Cooling Solution

This split air conditioner is engineered for efficient climate control in residential or commercial settings. It utilizes R410A refrigerant and is optimized for 220-240V, 50Hz power grids. Available in both 9K and 12K BTU capacities, it provides reliable performance to ensure consistent comfort.

Technical Specifications

Cooling Capacities

- 9K BTU
- 12K BTU

Climate Type

T1

Refrigerant

R410A

Voltage

230 V

Frequency

50 Hz
