

R50 Mains Fixed Downlight

This fixed downlight is designed for R50 mains voltage lamps. It features a sleek, minimalist design suitable for recessed ceiling installation.

Product Overview

Versatile Fixed Recessed Lighting

The R50 Mains Fixed Downlight is a sleek, minimalist solution engineered for recessed ceiling installations. Its design allows for focused illumination, making it an excellent choice for accent or task lighting in both residential and professional commercial environments. The flush-mount aesthetic ensures a clean, modern look that integrates seamlessly into any interior architecture.
