

# R6P AA 1.5V Carbon Zinc Battery

These are R6P/AA/1.5V carbon zinc batteries. They are ideal for various low-drain devices.

## ADDITIONAL IMAGES

## Product Overview

### Reliable Power Solution

These R6P AA 1.5V carbon zinc batteries are engineered for consistent performance in low-drain electronic devices. Designed with environmental responsibility in mind, they are completely free of mercury and cadmium. This heavy-duty power source is an ideal choice for everyday household and office equipment requiring stable, long-term energy.

## Technical Specifications

Battery Type	Carbon Zinc
Voltage	1.5 V
Size Standard	AA (R6P)

## Compliance & Quality

Certification	ISO9001:2015
Environmental Standards	0.00% Mercury Free, 0.00% Cadmium Free
Patent Registration	ZL 200530106334.9

## Packaging & Usage

### Typical Applications

- Remote controls
- Clocks
- Toys
- Low-drain devices

Standard Packing	4pcs/shrink
