

Random Orbital Sander

This random orbital sander is a versatile power tool for sanding and finishing surfaces. It features a circular sanding pad with orbital motion to prevent swirl marks and ensure a smooth finish.

Overview

Professional Random Orbital Sander

This 450W random orbital sander is designed for high-performance surface preparation, sanding, and finishing tasks. Featuring a 125mm sanding plate and variable speed control, it ensures a smooth, swirl-free finish on wood and automotive surfaces. The unit is built for sustained use, incorporating an efficient dust collection system to maintain a clean and safe working environment.

Technical Specifications

Power Input	450 W
Voltage/Frequency	230-240V~/50Hz
No Load Speed	7000-14000 rpm
Plate Diameter	125 mm
