

Ratchet Load Binder

This ratchet load binder is designed for securing heavy loads. It features a ratchet mechanism for tensioning and forged steel components for robust construction.

Product Overview

Heavy-Duty Ratchet Load Binder

This professional-grade ratchet load binder is engineered for secure transportation and heavy-duty load binding applications. Constructed from high-quality forged steel, it features a reliable ratcheting mechanism that allows for precise tensioning and maximum safety during transit. The unit is finished with a durable, high-visibility coating to resist corrosion and ensure long-lasting performance in demanding industrial and construction environments.

Performance Data

Load Capacity and Dimensions

Chain Size (in)	Working Load (lbs)	Proof Load (lbs)	Min Ultimate Load (lbs)	Weight (lbs)	Handle Length (in)
1/4-5/16	2600	5200	9200	3.52	7.16
5/16-3/8	5400	10800	19000	10.5	13.42
3/8-1/2	9200	18400	33000	12.9	13.92
1/2-5/8	13000	26000	46000	14.38	13.92

Key Features

Product Highlights

Forged Steel, High Visibility Finish, Corrosion Resistant, Precision Ratcheting
