Product Overview

Enhanced Visibility and Safety

This rear fog lamp assembly is specifically engineered for the 2019 Hyundai Elantra, designed to significantly improve vehicle visibility during adverse weather conditions like heavy fog or rain. Built with durable materials and featuring an integrated reflector, this component ensures reliable performance and longevity. It serves as a direct replacement part, meeting or exceeding OEM specifications to guarantee a precise fit and seamless installation.

Compatibility

Compatible Vehicle	2019 Hyundai Elantra
OEM Part Numbers	92405-F2510, 92406-F2510

Technical Details

Key Features

- Integrated reflector design
- Red lens construction
- Direct OEM replacement
- Includes mounting points for secure fit

Safety Benefit

Enhanced Visibility • Adverse Weather Performance

Component Type	Rear Fog Lamp Assembly
