

Rechargeable 360° Camping Lantern with Fluorescent and LED Lights

This rechargeable camping lantern provides 360-degree illumination. It features fluorescent tubes, LED lights, and a rechargeable battery.

Product Overview

Versatile 360° Illumination

This rechargeable lantern is designed for high-performance outdoor and emergency use, offering comprehensive 360-degree light distribution. It features flexible lighting options including multiple fluorescent tube settings and an integrated high-intensity LED torch. Built for reliability, the unit includes essential safety protections against overcharging and over-discharging to ensure a long service life.
