

Rechargeable 360-Degree Camping Lantern

This rechargeable camping lantern provides 360-degree light distribution for versatile use. It features a sealed lead-acid battery and both fluorescent tube and bulb torch light sources.

Overview

Versatile 360-Degree Lighting

This rechargeable camping lantern provides reliable, uniform 360-degree illumination, making it an ideal companion for outdoor adventures and emergency preparedness. Built with a durable metal handle and a dual-function design, it offers both ambient lighting via fluorescent tubes and a concentrated spotlight. Featuring automatic emergency light-up capabilities and advanced battery protection, this unit ensures safety and visibility whenever you need it most.
