

Rechargeable 360-Degree Camping Lantern

This rechargeable camping lantern provides ambient 360-degree illumination. It features single or double fluorescent tubes and a metal handle.

Overview

Reliable 360-Degree Illumination

This rechargeable camping lantern provides comprehensive 360-degree light distribution, making it an ideal choice for outdoor adventures and emergency preparedness. Engineered with dual 6W fluorescent tubes, the unit offers flexible lighting configurations using either single or double tube modes. It features a robust design with an integrated metal handle that doubles as a stand, ensuring versatility in various environments.

Power and Battery

Charging Compatibility

- 12V DC Car Battery (adapter not included)
