

Rechargeable 360-Degree Camping Lantern with Radio

This rechargeable camping lantern provides 360-degree illumination with its fluorescent tubes and LED light. It features a sealed lead-acid battery, AM/FM radio, and a plastic handle for portability.

Overview

Versatile Multi-Function Lantern

This rechargeable 360-degree camping lantern is designed for both outdoor recreation and emergency preparedness. It provides reliable, omnidirectional illumination and features a built-in AM/FM radio to keep you informed during power outages. With integrated overcharge and over-discharge protection, this durable unit ensures long-lasting safety and performance.
