

Rechargeable LED Flashlight

This rechargeable flashlight provides a portable electronic power source with a rated capacity of 600 mAh. It features high-brightness LEDs and a durable recharge period of more than 250 times.

Product Overview

Reliable Portable Lighting

This rechargeable LED flashlight is a versatile electronic power source designed for durability and efficiency. Featuring high-brightness imported LEDs, it offers two lighting modes to balance brightness and battery life. With a built-in AC plug and a robust 600 mAh capacity, it is an ideal solution for emergency situations and outdoor activities.

Key Features

Rechargeable, Portable, Green Type, Ergonomic Grip, Integrated Plug

Key Performance Metrics

Performance Highlights

600 mAh

Battery Capacity

32 Hours

Max Run Time

250 Times

Recharge Cycles

Technical Specifications

Input Voltage	AC 220V / 50-60Hz
Standard Charging Time	12 Hours
Maximum Charge Duration	24 Hours
Light Source	Import high-brightness LED

Operating Modes

Lighting Modes

Configuration	Duration
3 LEDs Active	Approx. 32 Hours
5 LEDs Active	Approx. 12 Hours

Physical Dimensions

Product Dimensions	150.3 x 18.2 mm
