

Rechargeable LED Spotlight with Floodlight

This multipurpose spotlight is designed for industrial and outdoor use. It features a high-intensity LED for focused illumination and a wide-angle floodlight for area lighting.

Overview

Versatile Illumination Solution

This rechargeable LED spotlight combines a high-intensity focused beam with a wide-angle floodlight, making it an ideal tool for industrial and outdoor applications. Designed for durability and ease of use, the unit features a rugged, weather-resistant housing and an ergonomic handle with an adjustable shoulder strap. It offers dual lighting modes and integrated power management, ensuring reliable performance in demanding environments.

Lighting Performance

Spotlight Brightness

700 LM Spotlight Output	1000 m Irradiation Distance
-----------------------------------	---------------------------------------

Floodlight Brightness

350 LM

Light Sources

CREE XML2-U3 LED, 84PCS SMD 2835 LED

Power & Battery

Runtime by Mode

Mode	Runtime
Spotlight (XML2-U3)	2 Hours
Floodlight (SMD)	4 Hours

Charging Specifications

- Input: DC 5V 1A
- Output: DC 5V 1.5A
- Charge Time: 5-6 Hours

Battery Capacity

3600 MAH
