Product Overview

Efficient Insect Control Solution

This rechargeable electronic mosquito swatter offers a highly effective, eco-friendly alternative to chemical-based insect repellents. Designed for both indoor and outdoor versatility, it features a durable construction and a high-voltage mesh system to eliminate flying insects on contact. With an ergonomic handle and built-in safety features, it provides a reliable and user-friendly solution for professional or residential pest management.

Technical Specifications

Power Source	Rechargeable internal battery
Charging System	Direct plug-in
