

Rechargeable Multi-Surface Cleaning Scrubber

This rechargeable cleaning scrubber includes multiple accessories for removing dirt and grime from various household surfaces. An extension attachment provides extended reach and cleaning ability.

Product Overview

Portable and ergonomic design for household cleaning.

Versatile Multi-Surface Cleaning

This rechargeable cleaning scrubber is designed to simplify household maintenance by providing powerful, cordless scrubbing action. With an extendable attachment for hard-to-reach areas and four distinct brush heads, it efficiently removes dirt and grime from diverse surfaces. Its lightweight, portable design ensures ease of maneuverability, making it an ideal choice for intensive cleaning tasks in kitchens, bathrooms, and beyond.

Technical Specifications

Compact build featuring intuitive control indicators.
