

Rechargeable Multifunction Camping Lantern with USB Charging

This camping lantern offers versatile lighting for outdoor use. It features a rechargeable battery with a USB charging port and battery level indicator.

Product Overview

Versatile Outdoor Illumination

This rechargeable multifunction camping lantern is designed for reliable performance in outdoor environments. Equipped with 12 high-efficiency SMD LEDs, it offers flexible lighting modes to suit various needs, from campsite illumination to emergency signaling. The integrated 3000mAh polymer battery ensures long-lasting operation, while the dual-function USB port allows for convenient recharging and power delivery.

Lighting Performance

Brightness Metrics

220 LM High Brightness	110 LM Low Brightness
----------------------------------	---------------------------------

Lighting Modes	High, Low, Flashing
