

Rechargeable Multifunction Emergency Lantern with Siren

This rechargeable lantern features a fluorescent tube for area lighting and includes a built-in AM/FM radio. It also has a siren and automatically lights up during power failures.

Product Overview

Versatile Emergency Lighting

This rechargeable multifunction lantern is designed to provide reliable emergency illumination and essential utility features. It incorporates both fluorescent lighting and torch capabilities, coupled with an integrated siren and radio for emergency preparedness. With support for both AC/DC power and dry cell compatibility, this unit ensures functionality in diverse operational environments.
