Rechargeable Portable Fluorescent Lantern

This rechargeable lantern provides portable lighting for camping and emergencies. It features an 11W energy-saving fluorescent tube and can be wall-mounted.

Product Overview

Versatile Emergency Lighting Solution

This rechargeable portable fluorescent lantern is designed for high-efficiency illumination during both camping trips and emergency power failures. The unit features an automatic light-up function that activates immediately when the power supply is cut. Built for reliability, its rugged design includes an integrated carrying handle and a long-lasting rechargeable battery system.
