

Rechargeable Rotary Shaver and Nose Hair Trimmer Set

This is a rechargeable electric shaver and nose hair trimmer set that comes with a charging base. The shaver features a three-head rotary design for a comfortable shave, and the set includes a separate nose hair trimmer attachment.

Product Overview

Professional Grooming Solution

This comprehensive grooming set features a high-performance three-head rotary shaver designed to provide a close and comfortable shave. The kit is complemented by a specialized nose hair trimmer attachment, ensuring precise maintenance in delicate areas. Designed for convenience and reliability, the set includes a dual-purpose charging base that serves as both a power station and an organized storage solution.
