

Rechargeable Wall Mountable Lantern with Fluorescent Tubes

This rechargeable lantern is designed for both wall mounting and freestanding use. It features 2x10W fluorescent tubes for a bright light output.

Product Overview

Versatile Emergency Lighting

This rechargeable lantern features dual 10W fluorescent tubes designed for both wall-mounted and freestanding use. Engineered for reliability, it includes an automatic light-up function triggered during power failures, ensuring constant illumination when needed most. Its durable construction makes it an ideal solution for emergency preparedness, commercial settings, or general portable lighting requirements.
