

# Rechargeable Wall-Mountable Lantern with Pull Switch

This rechargeable lantern is designed for wall mounting or freestanding use. It features a fluorescent tube, AC/DC operation, and a pull switch.

## Product Overview

### Versatile Emergency Illumination

This rechargeable lantern is designed for reliable indoor and outdoor lighting, featuring both wall-mountable and freestanding capabilities. It utilizes a 20W fluorescent tube to provide effective illumination and includes an automatic light-up function during power failures. Built for convenience, the unit is operated via a simple pull switch for easy access.
