

Rectangular LED Work Lamp for Automotive and Industrial Use

This high-intensity LED work lamp is designed for automotive and industrial applications. It features a rectangular array of LEDs for broad illumination and includes a heavy-duty mounting bracket for secure attachment.

Product Overview

High-Intensity Illumination

This rectangular LED work lamp is engineered for demanding automotive and industrial environments. Delivering 2700 lumens of brightness with a color temperature of 6000-6500K, it provides clear, cool-white visibility for off-road vehicles, construction machinery, and emergency lighting setups. Built with durable stainless steel and an IP67 waterproof rating, it ensures reliable performance in harsh conditions.

Technical Specifications

Brightness

2700 lm
Lumen Output

Power Output	45 W
Voltage Range	10-30V
Color Temperature	6000-6500K

Construction & Durability

IP Rating

IP67

Material	Stainless Steel
Beam Options	Spot Beam, Flood Beam
Size	5 inch
